Unternehmen im Überblick

With assets under management of USD 1.6 bn*, J.P. Morgan Asset Management (JPMAM) is a global leader in investment and wealth management. The company has a long and distinguished record of success that can be traced back to the late 19th century.

We are operating across regions: the Americas, EMEA (Europe, Middle East and Africa), and Asia Pacific, with 7,290 staff and a presence in over 20 countries worldwide, which allows us to have a globally integrated, local presence in all major economic regions and time zones. Our approx. 1,200 investment professionals are mainly based in the five major investment management hubs London, Hong Kong, Tokyo, New York and Columbus, Ohio.

This structure ensures that our knowledge, experience and resources are shared around the globe, providing our clients with a competitive information advantage and truly global investment expertise. In short, our comprehensive understanding of world markets across a highly diversified range of asset classes gives us greater potential to enhance returns.

Our clients benefit from a range of investment activities, which include:

- Pension Fund Management
- Charitable Fund Management
- Institutional Fund Management
- Reserves Management
- Insurance Money Management
- Third Party Distribution Services
- Sub-advisory Services
- Mutual Fund Management

The strategies we offer encompass all major asset classes, and span all financial markets across the world. Strategies can be tailored to meet a comprehensive range of investor requirements, and we hold leadership positions in most areas of our business.

*as of December 31, 2017

Marktposition und Zielkunden

JPMAM is a chosen investment partner to corporations, governments, foundations and individuals globally. We manage money for many of the world's leading banks, insurance companies, asset managers and advisory firms, providing investment insights which allow them to thrive in today's fast-moving markets.

Our core business is the management of segregated and pooled accounts for large institutional clients, which represents the majority of our business.

Allgemeine Investitionsphilosophie

JPMAM has a transparent investment philosophy with common factors that apply across all products and processes:

- **Global Research:** We create an information advantage through qualitative and quantitative research undertaken by our dedicated team of investment professionals based around the globe.
- **Risk Controls:** We avoid taking positions and incurring risks in areas where we do not believe we have an information advantage.
- **Innovation Guided by Essential Principles of Investing:** We commit substantial resources to continuously improving the investment process while adhering to the ESSENTIAL PRINCIPLES OF INVESTING.

- Company contact details, incl. Link to company homepage
- Contact person for institutional and wholesale investors
- Company information
- Description of the investment philosophy
- Detailed description of the product offering and investment services für each asset class
